

Kristian Chan

Institute for Geophysics, Jackson School of Geosciences, University of Texas at Austin
kristian.chan@utexas.edu

Last updated: December 2023

EDUCATION

Ph.D., Geological Sciences (Polar & Planetary Geophysics), University of Texas at Austin, expected 2024

Dissertation: “A framework for characterizing the near-surface structure of Europa with dual-frequency/bandwidth radar reflectometry”

M.S., Aerospace Engineering, University of Texas at Austin, 2018

B.S., Civil Engineering, Mechanical Engineering (minor), Cornell University, 2013

Exchange student, University of Cantabria (Spain), 2011 to 2012

PUBLICATIONS

Submitted

1. Becker, T. M. et al. (inc. **Chan, K.**). Exploring the composition of Europa with the upcoming Europa Clipper mission. *Space Science Reviews*.

TECHNICAL REPORTS

1. Young D. A., Wolfenbarger, N. S., Richter, T. G., Grima, C., Scanlan, K. M., Steinbruegge, G., **Chan, K.**, Soderlund, K. M., & Blankenship, D. D. (2022). REASON measurement quality requirement verification and validation: A nadir link budget approach using 1D point models of Europa for radar sounding, reflectometry, and altimetry (IOM-REASON-2019-001). Jet Propulsion Laboratory Interoffice Memorandum.
2. Young D. A., Wolfenbarger, N. S., Scanlan, K. M., Steinbruegge, G., **Chan, K.**, Gerekos, C., & Blankenship, D. D. (2022). Model physics for REASON verification and validation of measurement quality requirements for sounding, reflectometry, and altimetry (IOM-REASON-2022-002). Jet Propulsion Laboratory Interoffice Memorandum.

AWARDS

European Geosciences Union Outstanding Student and PhD Candidate Presentation Award (2023)
 University of Texas Institute for Geophysics Graduate Student Fellowship (2023)
 University of Texas Institute for Geophysics Outstanding Graduate Student Award (2023)
 University of Texas at Austin Center for Planetary Systems Habitability Travel Award (2023)
 NASA Texas Space Grant Consortium Fellowship (2020)
 International Glaciological Society Travel Award (2019)
 Europa Deep Dive 1: Ice-Shell Exchange Processes Travel Award (2017)

PRESS RELEASES

Texas student's work travels to Jupiter, helps track climate change on Earth, KXAN, NBC (2023)
 New radar technique lets scientists probe invisible ice sheet region on Earth and Icy Worlds, JSG/UTIG, (2023)

SERVICE & OUTREACH ACTIVITIES

Mentor, NASA Here to Observe (H2O) Program for the Europa Clipper mission (2021 to 2022; 2023 to 2024)
 Co-convenor, Building a Cross-Disciplinary Understanding of Ocean Worlds Habitability at the Dawn of the Europa Clipper Mission, AbSciCon (2024)

Co-convenor, Juno's Multi-instrument View of Europa, Ganymede, and Io, AGU Fall Meeting (2023)
Volunteer, education and outreach event, Europa Clipper Science Team Meeting, San Juan, Puerto Rico (2023)
Panelist, undergraduate research traineeship experience, Jackson School of Geosciences, University of Texas at Austin (2023)
Coordinator, research associate candidate hires student meetings, University of Texas Institute for Geophysics (2022)
Panelist, geology for kindergarten to 5th grade students, Acton Elementary School (2022)
Geoscience Ambassador, Jackson School of Geosciences, University of Texas at Austin (2021 to 2022)
Mentor, Miguel Liu-Schiaffini and Sam Christian, Surface elevations on Devon Ice Cap from laser and radar measurements, University of Texas Institute for Geophysics (2019)

FIELD EXPERIENCE

Field Assistant for airborne geophysical surveys supporting base operations, flight planning, logistics, and preliminary data quality control and analysis

- McMurdo Station, Antarctica, November 2022 to December 2022
- Jang Bogo Station, Antarctica, November 2018 to December 2018

WORK EXPERIENCE

University of Texas Institute for Geophysics

- Graduate Research Assistant, Austin, TX, June 2017 to Present
Support science requirements verification and validation as well as Phase E costing activities for the REASON instrument, as a graduate student affiliate of the Europa Clipper Science Team

Dragados USA

- Civil Engineer II/Project Engineer, Minford, OH, May 2015 to July 2016
Coordinated the design and construction of structures for the Portsmouth Bypass Project (\$429 million) to ensure compliance with contract documents
- Civil Engineer I, New York, NY, January 2014 to April 2015
Prepared technical proposals and bids for heavy civil construction contracts
- Intern, Barcelona, Spain, July 2012
Provided groundwater monitoring and support for the construction of the L9/L10 Barcelona Metro
