

TOPIC # - TDC - 100

NASA MITTIC Competition

BACKGROUND

Through participation in the TSGC Design Challenge, students have an opportunity to get a head start on submitting proposals to NASA Artemis Challenges with a structured outline for deliverables, critical feedback, and funding.

NASA MITTIC (MUREP INNOVATION AND TECH TRANSFER IDEA COMPETITION)

Teams accepted for this topic will be participating in both TSGC Design Challenge and NASA MITTIC programs.

Check that your team profile meets the requirements for each program.

See NASA MITTIC for program information, topics, FAQ, and deadlines.
