# BACKGROUND

Through participation in the TSGC Design Challenge, students have an opportunity to get a head start on submitting proposals to NASA Artemis Challenges with a structured outline for deliverables, critical feedback, and funding.

https://stem.nasa.gov/artemis/#challenges

### NASA RASC-AL Competition

Teams accepted for this topic will be participating in both TSGC Design Challenge and the NASA RASC-AL program.

Check that your team profile meets the requirements for each program.

See NASA RAS-AL for program information, topics, FAQ, and deadlines.
